The Doctoral School of the University invites you to participate in the training course "Bibliography and bibliometrics like pros: Stay up to date and Develop Literature Syntheses in the Biomedical Domain", as a part of the initiatives of complementary research training organized with the Library Services of the University (Medical Sciences Hub).

This training will be held on-line. The course will last 14 hours:

- **8 hours** need to be completed autonomously at the dedicated Moodle platform within the period 22 February 2021-21 March 2021;
- **6 hours** will consist in 3 Webex webinars of 2 hours each, scheduled on the following dates:
  - 23rd March 2021, 11:00-13:00
  - 25th March 2021, 11:00-13:00
  - 26th March 2021, 11:00-13:00

The training is directed primarily to doctoral candidates of the medical research areas, but is open to all.

**Discussed topics:** Overview of literature syntheses - Methods for a systematic approach to literature search - Searching bibliographic and citation databases (e.g. PubMed / Embase) - Feedly to follow literature updates - Reference Management Software (e.g. Mendeley) - Publish with impact: paper/journal/author-level metrics from Scopus and WoS

**Language:** english

**Trainers:** Paolo Garoisi, Nicoletta Colombi

To participate, it is necessary to enrol by filling in the form at the following link by February, 17:

https://forms.gle/UzAgcxH5vnWhwRzP7

Participants will receive information about the dedicated Moodle and the link to the Webex meetings prior to the beginning of the course.

**Requirements for the issue of the certificate of attendance:**

The automatic tracking of activity completion will be setted on the Moodle platform; a tick/checkmark will appear against all the compulsory activities when the students complete them. In addition to this activity completion report, participants should attend at least 2 out of 3 Webex meetings to receive a certificate of attendance.
