**SUBJECT: PUBLIC SELECTION FOR ADMISSION TO PHD PROGRAMMES –
41ST CYCLE - A.Y. 2025/2026 WITH ALLOCATION OF SCHOLARSHIPS FUNDED
BY THE UNIVERSITY AND OTHER SOURCES**

Deadline: 16th June 2025 at 12.00 pm (noon, Central Europe Summer Time)

ART. 1 - SUBJECT

The Call for the admission to the PhD Programmes of the 41th cycle is open at the University of Turin with the assignment of doctoral scholarships financed by the University and other funds:

1. Comparative Analysis of Institutions, Economics and Law;
2. Business and Management;
3. Complex Systems for Quantitative Biomedicine;
4. Law and Institutions;
5. Law, the Individual and the Market;
6. Economy "Vilfredo Pareto";
7. Physics;
8. Medical Physiopathology;
9. Global History of Empires;
10. Computer Science;
11. Innovation for the Circular Economy;
12. Humanities;
13. Modern Languages and Literatures;
14. Mathematics;
15. Experimental Medicine and Therapy;
16. Molecular Medicine;
17. Modeling and Data Science;
18. Neurosciences;
19. Cultural Heritage and Historical-Artistic Audiovisual and Multimedia Production;
20. Agricultural, Forest and Food Sciences;
21. Archeological, Historical and Historical-Artistic Sciences;
22. Bio-Chemical Sciences
23. Biological Sciences and Applied Biotechnologies;
24. Biomedical Sciences and Oncology;

25. Health Sciences: Sociology, Nursing Sciences and Rehabilitation Sciences;
26. Chemical and Material Sciences;
27. Earth Sciences;
28. Pharmaceutical and Biomolecular Sciences;
29. Psychological, Anthropological and Educational Sciences;
30. Veterinary Sciences for Food and Animal Safety;
31. Sustainable Development and Cooperation (SUSTNET);
32. Technologies for Cultural Heritage (Tech4Culture);
33. Translational Oncology.¹

The selection and assignment of additional scholarships may take place on specific topics described in the PhD Programme Information Sheet (Annex 1) of each PhD Programme, published at the [Call webpage](#).

The positions with scholarship may be increased following funding that becomes available after the issue of this Call; this increase will be communicated exclusively on the [Doctoral School webpage](#).

ART. 2 - PhD POSITIONS

Available positions may be consulted in the information sheet of each PhD Programme (Annex 1) and may be divided into:

- ordinary positions with scholarship, including the positions connected to specific projects/topics;
- ordinary positions without scholarship;
- positions with High Level Training and Research apprenticeship contracts, public notice 2022-2024 for the identification and management of the public training offer, pursuant to Regional Council Resolution no. 4-4372 of 22 December 2021, Approved with Resolution no. 114 of 3 March 2022, subsequently extended to 12/31/2026 by Determination No. 807 of 12/24/2024;
- positions reserved for international graduates;
- positions reserved for scholarship owners of a foreign State (please see the enrolment conditions, Art. no. 9);
- positions reserved for employees of private companies according to specific agreements;

¹ Please note that the list of programmes follows the alphabetical order in the Italian language.

- positions reserved for students selected within specific international mobility programmes or within specific agreements in which the University of Torino is involved.

The Information Sheets (Annex 1) of each PhD Programme along with the Curriculum Vitae template (Annex 2) constitute an integral part of this Call and are published at the [Doctoral School webpage](#).

The detailed information is the following:

- number of positions (with and without scholarship) and their research topics;
- admission requirements;
- selection mode;
- evaluation criteria.

By and no later than the expiry date of the Call, updates are possible relating to:

- any additional positions (with or without scholarship), High Level Training and Research apprenticeship contracts and other equivalent forms of financing, activated and/or financed after the publication of this selection;
- list of research topics and topics linked to specific research projects.

Such updates will be published exclusively on the Doctoral School website at [Doctoral School webpage](#).

Pursuant to the Ministerial Decree 226/2021, PhD Programmes may be activated subject to verification of possession or maintenance of the accreditation requirements by the Ministry of University and Research (MUR). The winners will therefore be able to enroll only following the positive outcome of this verification.

The dates and places where to carry out the tests, as well as any changes, will be published on the Doctoral School website at page [Call webpage](#) within **20th June 2025**. This publication has the value of an official notification for all legal purposes, therefore the candidates will not receive any personal communication regarding the summons for the tests.

It is possible to carry out the oral exam via videoconference, subject to authorization by the Examination Board. To this end, the candidate must submit a reasoned request when completing the application pursuant to Art. 5 or, in the event of impediments occurring after completing the application, with a reasoned request to be sent via email to the Examination Board whose e-mail addresses will be provided on the website of the Doctoral School at the [Call webpage](#).

The candidate must be available on the day and at the time established by the Board.

For identification purposes and under penalty of exclusion from the selection procedure, each candidate is required to identify him/herself before the interview begins, showing the same identity document already sent in copy as an attachment to the application.

Failure to connect, the unavailability of the candidate on the established day or time, or failure to show a valid identification document are grounds for exclusion from the selection procedure.

These reasons for exclusion do not operate if the candidate, in possession of a valid identification document, arrives on the day set for the interview in order to take the oral test in person.

Scholarships are assigned according to the ranking lists (Art. 8) to be published on the website of the Doctoral School [Call webpage](#).

For positions reserved for students selected as part of specific international mobility programmes or called as part of specific agreements in which the University of Turin participates, enrollment in the Programme will take place following the opinion of the PhD Board.

ART. 3 - ADMISSION REQUIREMENTS

Applicants of any citizenship and age can respond to this Call for Admission, provided that they hold one of the following requirements:

1. A degree awarded by an Italian University prior to Ministerial Decree 509/99, i.e. laurea vecchio ordinamento (L);
2. A second level degree awarded by an Italian University (pursuant to Ministerial Decrees 509/99 and 270/04, i.e. *Laurea Magistrale* (LM) or *Laurea Specialistica* (LS));
3. Second cycle academic qualification issued by the institutions belonging to the AFAM (Higher Artistic and Musical Education) sector suitable for access to PhD studies;
4. International qualification, i.e. obtained abroad, comparable to an Italian second cycle EHEA (European Higher Education Area)/level 7 E.Q.F. (European Qualifications Framework) academic qualification which is recognized as suitable for access to the PhD studies in the country of origin and is issued by an officially recognized academic institution;

5. Bi-national Master's Degree/second cycle degree (double/multiple degree or joint degree) suitable for access to PhD studies.

In this case applicants may choose which degree to declare for the purpose of the application or may apply with the joint degree.

Applicants whose degrees will be awarded after the call deadline may apply under the condition that their qualification is obtained **within the enrollment date of 31st October 2025**.

The date of degree award refers to the official date on which the degree is formally conferred. This date must correspond to the one stated on the official certificate and/or diploma issued by the awarding university. It should be noted that the degree award date does not necessarily coincide with the date on which any academic requirements set by the university are completed (e.g., completion of exams, passing of a final assessment, submission or defense of a thesis, etc.).

Should applicants not obtain the qualification within the established deadline, they will not be admitted to the PhD programme, even in case a position was offered.

This rule also applies to candidates who may already hold another valid qualification for access to the PhD programme (such as a Master's Degree / *Laurea Magistrale* or *Specialistica*, or an equivalent international qualification at EQF Level 7), different from the one declared in the application.

Applicants who apply under the condition of receiving their qualification from an Italian institution shall submit a self-declaration with the list of exams passed (all the exams in their *Corso di Laurea Magistrale* and *Corso di Laurea Triennale* or *Corso di laurea a ciclo unico*), with grades, ECTS credits (CFU) and weighted average.

Applicants who already hold a PhD degree, or have benefitted (even partially) from a PhD scholarship in Italy are not eligible for another PhD scholarship.

Only requirements and qualifications obtained by the Call for Admission deadline may be evaluated.

ART. 4 - INTERNATIONAL QUALIFICATIONS

The international university qualification must be comparable to an Italian **second cycle** (EHEA, or pursuant to the 1999 Bologna Process) or **7 E.Q.F. level academic qualification that gives access to the PhD** studies in the country that awarded it.

For the sole purpose of admission to this selection process, the Examination Board (Art. 7) will carry out a comparative assessment of qualifications in order to award the recognition of eligibility of international qualifications.

The assessment of the suitability of the international qualification is carried out on the basis of the documentation attached to the application for admission to this selection and, in the event that the documentation presented does not provide sufficient elements for the assessment, the Examination Board has the right to exclude these applications.

At the end of the selection, the PhD Office will carry out further checks on the authenticity and comparability of the international qualifications presented and, if the qualification presented is not authentic or valid for enrollment purposes, it reserves the right to exclude the candidates admitted.

Applicants who hold international qualifications must therefore upload into the online application procedure the following documents:

1. **Diploma or certificate of first cycle degree- 6 E.Q.F. level (e.g. Bachelor's Degree) and second cycle - 7 E.Q.F. level (Master's Degree) - or single cycle degree** -which gives access to PhD studies in the country of origin. These qualifications must have been issued by an officially recognized academic institution and must indicate the date on which the degree was awarded and, where available, the final grade obtained.
2. **Transcripts of records of first and second cycle Degrees** listing all examinations passed during the first- and second-cycle degree programmes, including the corresponding grades.
3. **Qualifications issued by countries that are NOT signatories of the Lisbon Recognition Convention and/or non-EU countries:** Comparability and Verification Certificates issued by an ENIC-NARIC centre — for Italy, the designated centre is [CIMEA](#) — or, where available, a Diploma Supplement.
4. **Qualifications issued by countries that are signatories of the Lisbon Recognition Convention and/or EU countries:** a Diploma Supplement or, alternatively, a certificate of correspondence that can be independently downloaded from the [ARDI \(Automatic Recognition Database\)](#), and a verification certificate issued by an ENIC-NARIC centre — for Italy, the designated centre is [CIMEA](#). Certificate of correspondence must be downloaded independently from the [ARDI database \(Automatic Recognition Database\)](#), if the qualification has been issued in a [country that is a signatory to the Lisbon Convention](#)

For further details on the documentation to be presented depending on the country that issued the qualification, see the document produced by [CIMEA](#) (under the heading “Titoli finali della formazione superiore”).

The absence of the documents referred to in points 1) and 2) of this article will result in **exclusion from the selection process. In the event of admission to the PhD programme, successful candidates are nonetheless required to submit the documents referred to in point 3 or 4 (as applicable) by 15 November 2025.**

Please note that:

- in cases where the applicant possesses a **Diploma Supplement that can be verified via QR code**, no additional supporting documentation (e.g., CIMEA certificate) is required;
- as a secondary option, a *Dichiarazione di Valore in loco* issued by the local Italian [embassy or consulate](#) in the country where the degree was awarded may be accepted, but only if neither a Diploma Supplement nor ENIC-NARIC certification is available;
- other documents proving the authenticity of the qualifications may also be accepted, provided they are verifiable via QR code (e.g., [CSSD verification report](#) for degrees obtained in China).

Applicants whose degrees will be awarded after the call deadline must upload their **first cycle degree** (Bachelor's degree) and the **Transcript of records of first and second cycle degree programmes** or of single cycle degree programme.

Whenever those official documents are in a language other than Italian, English or French, a complete Italian or English or French translation of such documents, certified as true copies by either the issuing institution (Italian embassy/consulate, or any body recognized by the Italian embassy/consulate) must be provided and uploaded onto the platform.

Applicants who obtained a recognition of their second cycle/level 7 EQF qualification (recognition aimed at obtaining the corresponding Italian qualification) must upload such a certification in the online application, along with the documents referred to in points 1) and 2) of this article.

Recognition results of eligibility by the Examination Board will be published exclusively on the Doctoral School website, at the [Call webpage](#). This publication has the value of an official notification for all legal purposes, therefore the candidates will not receive any personal communication regarding eligibility results.

Applicants who are holders or are applying for international protection and cannot submit the documents required in points 1) and 2) of this article shall contact the PhD office (dottorati@unito.it) within the call deadline and will start a dedicated assessment procedure.

ART. 5 - APPLICATION AND DEADLINE

The application for admission, one per each PhD Programme for which one candidate intends to apply, must be submitted only through the online platform, accessible on the Doctoral School website at the [Call webpage](#).

Applications must be completed and submitted through the online platform by the **16th of June 2025 at 12.00 pm (noon) Central Europe Summer Time**.

An application submitted beyond this deadline will not be taken into consideration and applicants will be excluded from the selection procedure.

Applications or further documentation received beyond the Call deadline or by email or by any other way than the online platform will not be taken into consideration.

Applicants must first register on the PICA (Piattaforma Integrata Concorsi di Ateneo) platform or access with SPID credentials (SPID credentials are mandatory for Italian applicants) or by registration, as indicated in the Guidelines available at the [Call webpage](#) on the Doctoral School website.

Qualifications and documents required by the chosen PhD Programme and indicated in the Programme Information Sheet (Annex 1) **must be uploaded within the application**.

If one applies for multiple programmes, each application must be accompanied by the qualifications required.

All documents must be uploaded in PDF format file.

In order to submit the application, the candidate must pay the application fee (Art. 6, if applicable) according to the procedures provided for online.

Once completed, the application must be downloaded to be signed and re-uploaded onto the platform following the instructions described in the online procedure.

The lack of signature and/or of the identity document for applicants without SPID credentials are grounds for exclusion from the selection.

In case of access to the online platform through SPID credentials, it is not necessary to sign the application.

At the end of the process the application will be registered to confirm the submission.

Applicants may check the status of their application on the PICA platform, at the “MyPICA” personal webpage.

Applicants with a disability may apply for a specific request about an individualized entrance examination. Upon request, applicants with a specific learning disorder may benefit from a 30% additional time as regards written examinations, where applicable.

This request must be submitted following the information available in the online application procedure.

Applications for admission to more than one PhD Programme may be submitted.

Please note that the procedure for submitting the application via the online platform consists of several steps, which in some cases require several minutes of waiting.

Applicants are kindly invited to submit their application well in advance before the deadline.

Applicants are responsible for verifying the correct completion of the online procedure. Once the submission is completed, it is not possible to make changes or to add documentation. Applicants can only delete the application and submit a new one.

Complaints pertaining to any malfunctioning trouble due to website traffic overload close to the deadline will not be accepted.

After the closure of the online procedure it is not possible to make any changes, corrections and/or additions, unless the previous application is withdrawn and a new application is submitted by starting a new procedure, which will involve the payment of a new registration fee, in cases where this is expected.

If the application is withdrawn and a new one is submitted, it is possible to recover the fee already paid for the withdrawn application and use it to pay for the new application.

After submitting the application, candidates may request **letters of reference** in cases where it is envisaged (see Annex 1 of the Call) by filling in the appropriate section within the same deadline for submitting the application (16th June 2025).

The referee will be automatically notified by the system and must personally fill in the reference letter form present in the online procedure and send it within the deadline of 17th June 2025 at 11:59 pm (Central Europe Summer Time). Please refer to the Doctoral School website for any updates on the matter.

Letters of reference sent after the deadline attached by the candidate, or sent by other means than that of the online procedure, will not be considered.

ART. 6 - APPLICATION FEE

The application fee is € 50.00 for each application submitted.

This payment is compulsory; only applicants responding to the Call with international qualifications are exempt from paying the application fee.

Payment must be made before submitting the application.

The payment of the fee does not imply the simultaneous submission of the application, which must subsequently be sent through the procedure.

The fee paid for participation in the selection will not be refundable under any circumstances, including failing to submit the application.

ART. 7 - Examination Board

The Examination Board is composed according to the University Regulations about the Doctoral School and the PhD Programmes.

There is one Examination Board for each PhD Programme and it is responsible for the whole selection and evaluation procedure, from the eligibility and minutes drafting step to the interview and the drawing up of the final ranking list.

The Board composition will be published on the Doctoral School website at the [Call webpage](#) after the Call for Admission deadline.

ART. 8 - SELECTION AND EVALUATION PROCEDURE, RANKING LISTS

The comparative evaluation of the candidates is aimed at assessing the applicant's attitude to scientific research and it will be carried out according to the criteria outlined in the PhD Programme Information Sheet (Annex 1).

Assessment results for PhD Programmes will be published on the Doctoral School website at the [Call webpage](#).

In the event that the PhD Programme Sheet (Annex 1) requires a research project, the submission of a research proposal will be considered in the evaluation process by the Examination Board and it will contribute to the overall score for the final ranking list. However successful applicants may be assigned a research project different from the one submitted at the time of application, at the discretion of the Academic Board.

In the event that the PhD Programme form (Annex 1) includes positions with scholarships linked to specific projects/topics, the Examination Board may express a suitability judgment for the assignment of such positions, taking into account the candidates' skills, experience, and aptitudes.

The final ranking lists will be published on the Doctoral School website, on the [Call for Applications – 41st Cycle page](#).

- First window (selections concluded in July): from **28th of July 2025**;
- Second window (selections concluded in September): from **15th of September 2025**.

This publication is the sole official communication. Applicants will not receive any personal communication.

Applicants will be admitted to PhD Programmes according to the final ranking list of successful applicants and, whether provided for in the Information Sheet (Annex 1), according to the eligibility assessment expressed by the Examination Board for positions bound to specific projects, up to the number of the available positions for each PhD Programme, taken into account the indications provided for reserved positions and positions with scholarship linked to specific topics and projects.

Should successful applicants withdraw, their positions will be assigned to qualified applicants according to the order of the final merit ranking list and to the eligibility evaluation assigned by the Examination Board, where applicable.

If applicants have obtained the same score in the ranking list, scholarships will be awarded according to their respective financial situations, in accordance with the Italian legislation and regulation on the right to study.

Positions without scholarship will be assigned to the youngest applicant.

In case of a positive placement in the ranking lists of different PhD Programmes, candidates must choose only one Programme.

ART. 9 - ENROLLMENT PROCEDURE FOR SUCCESSFUL APPLICANTS FOR POSITIONS WITH OR WITHOUT SCHOLARSHIP

For the enrolment procedure, successful applicants must confirm their enrolment **within 7 days from the publication of the final merit ranking list** through the online platform on the Doctoral School website at the [Immatricolazione/Enrollment](#) webpage.

Missing the deadline will result in the exclusion from the PhD Programme.

The applicants **holding an Italian qualification** must upload the following documents:

1. Enrolment form FORM A;
2. Bank account details FORM B;
3. Self-declaration about job activities FORM C;
4. Confidentiality agreement for temporary members;
5. Copy of an Identity Document and of the Italian Tax Code (Codice Fiscale);

The applicants **holding international qualifications** must upload the following documents:

1. Enrolment form FORM A;
2. Bank account details FORM B (only for winners of a position with scholarship);
3. Self-declaration about job activities FORM C;
4. Confidentiality agreement for temporary members;
5. Copy of an Identity Document and of the Italian Tax Code (Codice Fiscale);
6. Original or certified copies of second cycle/level degree 7 E.Q.F. (Master's Degree) issued by the awarding university, indicating the date on which the degree was conferred. Please note that only certifications issued by the University Registrar's Office (or the relevant administrative office) will be accepted.;
7. Original or certified copy of Master's degree transcripts;
8. Certification of Comparability and Verification issued by ENIC NARIC Centres or Diploma Supplement or, alternatively, a Diploma Supplement, or any other integrative document (see Art.4). .

Within 7 days from the publication of the final merit ranking list, successful applicants must also pay the tuition fees for enrollment into the PhD programme as set out in the [University Regulation of Taxes and Contributions](#).

The enrollment procedure is considered properly completed only if the fee payment is regularly made.

The PhD Office will carry out further checks during enrollment and if the documentation presented by the candidate is not authentic or valid for access to PhD studies in the country of achievement, the interested party loses his/her position in the PhD Programme and is required to repay any amount already received.

Candidates may be asked at any time to integrate their documentation, in order to verify their admissibility, consequently the latter is considered subject to reservation until the completion of the process.

The successful candidates for a place reserved for foreign scholarship holders are required to send to the PhD Office (dottorati@unito.it) the letter proving the award of the scholarship by the foreign institution which finances it.

Enrollment will be considered completed only upon receipt of this document by the financing body, otherwise the candidate will lose the right to admission to the Doctoral Programme.

Applicants who applied under condition of obtaining their Master Degree or equivalent second cycle degree have to communicate the date of the award of their qualification **irrevocably no later than the 15th of November 2025** and proceed as follows:

- candidates with **qualifications obtained in Italy** must complete and send to the PhD Office (dottorati@unito.it) the Annex 3, available on the Doctoral School website at the [Immatricolazione/Enrollment](#) webpage.
- candidates with **qualifications obtained abroad** must send to the PhD Office (dottorati@unito.it) a copy of the diploma or certificate of achievement of the qualification issued by the awarding university, indicating the date on which the degree was conferred. Please note that only certifications issued by the University Registrar's Office (or the relevant administrative office) will be accepted.

Successful applicants who do not provide the documentation within the terms and conditions set in this article lose the right to enrol in the PhD programme.

ART. 10 - SCHOLARSHIPS: GENERAL CONDITIONS

Available scholarships will be assigned by the PhD Programme Board.

The annual amount of the PhD scholarship is € 17.500 (gross amount), unless otherwise indicated in the Information Sheet of the PhD Programme (Annex 1).

The scholarship is confirmed on a yearly basis, provided that the PhD candidates have completed the required Programme activities during the year and that the PhD Board admits them to the following year.

The scholarship is paid on a monthly basis.

The increase in the scholarship is established at fifty percent, for a total period not exceeding twelve months, for carrying out research activities abroad as provided for in the training plan. This period may be extended up to eighteen months for international PhD paths or co-tutelle doctorates or if otherwise specified by the specific research project.

PhD scholarships **cannot be combined with any other kind of scholarship**, except for those awarded by national or international institutions to support PhD students' training periods abroad. Furthermore, **PhD scholarships cannot be combined with a research fellowship** (*assegno di ricerca*).

Scholarships are **not compatible** with specialist training contracts, in accordance with the Italian Law Decree n. 368/1999, with apprenticeship contracts (*Apprendistato di Alta Formazione e Ricerca*, art. 45, Law Decree n. 8/2015), and with the resolution of the Regional Council of Regione Piemonte n. 4-4372 of 22 December 2021 issued with the Order n. 114 of 3 March 2022.

Candidates holding a PhD degree obtained in Italy, with or without a scholarship (even partial) or who have benefited, even partially, from a PhD scholarship in Italy cannot benefit from it a second time.

The principles referred to in this paragraph do not apply to recipients of scholarships provided directly by foreign states or beneficiaries of financial support as part of specific international mobility programmes.

In relation to the PhD scholarships financed under the NRRP calls, including scholarships as per Ministerial Decree 629/2024 and 630/2024, all positions must have a scholarship (not renounceable), as provided for by the Ministerial Decree 301/2022 at par. 3.3 letter e).

ART. 11 - RIGHTS AND OBLIGATIONS OF PHD STUDENTS

Admission to a PhD Programme obliges PhD students to full time attendance of the PhD Programme.

PhD students must regularly attend and carry out research and study activities assigned to them by the hosting Department of the University, according to the procedures set out by the PhD Board.

PhD students may carry out tutorial activities for undergraduate and postgraduate students, as well as supplementary teaching activities as part of their training project; these activities are not eligible for an increase of scholarship. All activities must be previously authorized by the PhD Board for a maximum of forty hours per academic year.

Any possible income derived from paid activities may not exceed the amount of the PhD scholarship set out by the MUR (Italian Ministry of University and Research).

Regarding the attendance of the PhD Programme and the award of the PhD degree, the University Regulation of the Doctoral School and PhD Programmes shall apply.

ART. 12 - INCOMPATIBILITY

For the incompatibility regime, please refer to the provisions of the Italian current legislation.

ART. 13 - ETHICAL CODE, CODE OF BEHAVIOUR FOR THE DEFENCE OF THE DIGNITY OF WORKERS AND STUDENTS OF THE UNIVERSITY OF TURIN, REGULATION ON RESEARCH INTEGRITY

PhD students must comply with the Ethical Code, the Code of Behaviour ([Portale di Ateneo Codici di Comportamento](#)), and the Regulation on Research Integrity of the University Community issued by the University of Torino and available at the following link: https://www.unito.it/sites/default/files/reg_integrita_scientifica_2016.pdf.

ART. 14 - PROCESSING OF PERSONAL DATA AND RIGHT OF ACCESS

Personal data provided by the applicants will be processed, pursuant to the EU Regulation n. 679 of 2016 (General Data Protection Regulation, GDPR), for the execution of tasks outlined in this Call.

The complete information regarding the data processing method is available at the University Policy Data webpage: [Il titolare, DPO e trattamento dei dati](#).

ART. 15 - RESPONSIBILITY FOR THE PROCEEDINGS

The Responsible for the administrative proceedings pursuant to art. 5 paragraph 1 of Law 241/90:

- regarding the selection process is the Chair of the Examination Board of each PhD Programme from the eligibility step till the publication of the final ranking list;
- the Responsible for the administrative proceedings regarding this Call for Admission is the Head of the Research, Innovation and Internationalization Division.

ART. 16 - REFERENCE TO THE REGULATIONS OF THE UNIVERSITY OF TORINO

For all other terms and regulations not expressly set out in this Call, the University Regulation of the Doctoral School and PhD Programmes and the provisions of the Italian current legislation shall apply.

Any changes or additions to this Call will be announced on the Doctoral School website at the [Call webpage](#).

UNIVERSITÀ
DI TORINO
